Aberdeen and Shire Hillwalking Club

2026 Programme

Website: <https://www.aberdeenandshirehillwalking.com>

The “boots” grading applies mainly to day walks. For weekends it indicates the general type of walking in the area. However, easier walking (one to two boots) is available in all locations.

Easier walks, mostly on well defined paths, with no special difficulties.

Slightly harder walks. Paths may be indistinct, navigation skills required.

Moderate hillwalks. Terrain will be steep, map reading skills essential. This grade includes the most straightforward and popular Munros.

Harder hillwalks. Can include longer walks and pathless sections calling for more careful navigation. There may be scree and minor scrambling. This grade is quite broad and includes the bulk of the Munros.

Tough by hillwalking standards; these routes can be very arduous or include trickier scrambling. This grade includes the hardest or most strenuous Munros.

For day walks, an email will be sent about 2 weeks in advance with details. We have a number of shorter walks in our programme – these are in *italics*.

For weekend meets an email will be sent to members about 2 months in advance with details. Bookings then open on the 1st of the preceding month, by email to bookings.ashc@outlook.com. Bookings may open earlier for more complex weekends.

We need volunteers to coordinate day walks and weekend trips. The responsibilities of the coordinator are not onerous, essentially acting as a focal point for the practical arrangements (note they do not lead the walks). Please contact any member of the committee if you can help or just want to know more.

Social Evenings

We usually have a social evening at a pub in Aberdeen on the last Thursday of the month (LTOM). An email will be sent a week or so in advance to tell members.
